SHAHANA THASNEEM M

Software Developer | Web Developer | Python Full Stack Developer (Django & React.js)
Palakkad, Kerala, India | +91 9947438036 | shahanathasneem00@gmail.com | linkedin.com/in/shahana-thasneem-m | github.com/shahanathasneem

PROFESSIONAL SUMMARY

Python Full Stack Developer and MCA graduate with hands-on experience building, testing, and deploying scalable, AI-integrated web applications using Python, Django, React.js, JavaScript, and MySQL. Skilled in REST API development and API testing (Postman), database design, debugging, Git/GitHub version control, and end-to-end project delivery from design to deployment. Adept at cross-functional collaboration and adopting emerging technologies to build efficient, user-friendly software for web developer, software developer, and general IT roles.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, Java (Basic), PHP (Basic), C
Frontend Development: HTML5, CSS3, Bootstrap, JavaScript, AJAX, jQuery, React.js, Responsive Web Design
Backend & Databases: Django REST Framework, REST APIs, JSON, MySQL, SQLite
Tools & Testing: Git, GitHub (Version Control), VS Code, PyCharm, Cursor AI, Postman (API Testing), Debugging, ChatGPT, Claude
Core Concepts: OOP, REST API Development, CRUD Operations, Authentication & Authorization, MVC Architecture, Database Design, AI Integration, Machine Learning

PROFESSIONAL EXPERIENCE

Python Full Stack Developer Intern **Ongoing**
Techolas Technologies Pvt. Ltd., Palakkad, Kerala

- Developed dynamic web applications using Python and Django, integrating REST APIs and JSON data exchange for seamless frontend-backend communication
- Designed responsive user interfaces with HTML5, CSS3, Bootstrap, JavaScript, AJAX, jQuery, and React.js
- Handled MySQL database design, integration, and workflow optimization; debugged and validated application logic using Postman
- Collaborated with cross-functional teams and managed source code using Git/GitHub version control on production projects

Python Full Stack Developer Intern **Apr 2025 - Jun 2025**
Ralfiz Technologies, Perinthalmanna, Kerala

- Developed web applications using Python and Django, delivering complete project lifecycles from design to deployment
- Built responsive frontend interfaces with HTML5, CSS3, Bootstrap, and JavaScript; implemented MySQL-backed CRUD operations
- Managed source code with Git/GitHub version control and participated in application testing and deployment phases

PROJECTS

CivilFind - Smart Construction Material Search & Payment System
Python, Django REST Framework, SQLite, HTML5, CSS3, Bootstrap, JavaScript, Gemini API

- Integrated an AI-powered chatbot using the Google Gemini API for intelligent material recommendations and smart search
- Designed multi-role modules (Customer, Supplier, Admin) with secure authentication, online ordering, and payment management
- Built invoice generation, order tracking, wishlist, restock notifications, and an admin dashboard for operational visibility

Day Care Management System
Python, Django, SQLite, HTML5, CSS3, Bootstrap, JavaScript

- Implemented child registration, profile management, and attendance tracking modules with full CRUD operations
- Built staff management with secure login, authentication, and role-based access; designed responsive UI

LifeOS - Personal Productivity Dashboard
React.js, JavaScript, HTML5, CSS3, React Router, Context API, Local Storage

- Developed a responsive productivity dashboard with modules for task, goal, habit, expense, calendar, mood tracking, and notes
- Implemented secure authentication, profile management, and global state management using React Context API

EDUCATION

Master of Computer Applications (MCA), CCSIT Mannarkkad, University of Calicut 2024 - 2026
Bachelor of Science (B.Sc.) in Physics, MES Kalladi College, University of Calicut 2018 - 2021

CERTIFICATIONS

- Python Full Stack Development - Techolas Technologies Pvt. Ltd., Palakkad
- Python Full Stack Development - Ralfiz Technologies, Perinthalmanna
- Tata GenAI Powered Data Analytics Job Simulation - Forage

ADDITIONAL INFORMATION

Soft Skills: Problem Solving, Analytical Thinking, Team Collaboration, Communication, Time Management, Adaptability, Quick Learner, Leadership | **Languages:** English, Malayalam
